Huntington Station, NY 11746

Marty,

Almost a full year has passed since our Hercules Ambulance Wash System was installed and I wanted to tell you how pleased we are with it.

After an initial problem with the compressor pressure (which wasn't really Hercules's fault), you switched out the compressor and everything is going fine.

We are able to wash and wax our fleet of vehicles daily and we are able to finish each and every one in 5 to 6 minutes. I know we now have the cleanest fleet on the street.

If any other Ambulance Company owners or fleet managers would like to call me, I'll be happy to recommend your system to them.

Thanks again and keep up the good work.

Yours truly,

Paul M Power
